TOMORROW  
IS ALREADY HERE  
WWW.NATIONALROBOTICSWEEK.ORG

National Robotics Week, a celebration of robotics technology designed to inspire students to pursue STEM-related careers, provides hands-on experiences with robots at events across the country.

National Robotics Week recognizes robotics technology as a pillar of 21-century American innovation, highlights its growing importance in a wide variety of professions and underscores its ability to get students excited about technology education.

**National Robotics Week Advisory Council**

National Robotics Week is organized by an Advisory Council of leading technology companies, universities, museums and organizations throughout the United States.

**FOUNDING CO-SPONSORS**

iRobot Corporation  
The Technology Collaborative

**GOLD SPONSORS**

Adept Technology  
Associated Unmanned Vehicle Systems International (AUVSI)  
AUVSI Foundation  
Botball® (KISS Institute for Practical Robotics)  
Boy Scouts of America  
Carnegie Mellon University  
Carnegie Science Center of Pittsburgh  
College of Southern Maryland  
Expo21XX Robotics Exhibition  
FIRST®  
Florida International University  
Infamous Robotics  
Instructables  
Mass Technology Leadership Council  
Museum of Life + Science  
Museum of Science, Boston  
Museum of Science + Industry, Chicago  
National Robotics Challenge  
National Electronics Museum  
RoboGames  
Robotic Industries Association (RIA)  
Robotics Innovation Competition and Conference  
SeaPerch  
Stanford University  
Storming Robots  
University of Massachusetts Lowell  
VEX Robotics  
Worcester Polytechnic Institute
